

AN INTENSIVE ONLINE COURSE **ALWAYS AVAILABLE**

10 HOURS COURSE YOU CAN SEE WHERE AND WHEN YOU WANT

The aim of Digital Training is to transfer a methodological approach and an integrated and homogeneous vision on the fundamental elements of dermoscopy, useful in daily practice.

MODULES

Each module includes two topics, presented and discussed alternatively by Prof. Aimilios Lallas and Prof. Giuseppe Argenziano. At the end of each lesson, the tutors will deepen the topic with a **final discussion, sharing thoughts and doubts, so that the attendees will be given the opportunity to verify their ideas and clarify their possible concerns and perplexities.**
